## ABOUT THE WORLD SERIES OF POKER

The World Series of Poker (WSOP) is the longest-running, largest, richest and most prestigious gaming event in the world, dating back 47 years to 1970, and has paid more than \$2.4 billion in total prize money to date. In 2017, the WSOP in Las Vegas features 74 different poker events over 54 days.

In 2016 at the 47<sup>th</sup> Annual WSOP, the event attracted a record 107,833 participants from 107 countries around the globe to the Rio All-Suite Hotel and Casino in Las Vegas – all competing for the game’s most coveted prize...a WSOP gold bracelet and a share of more than \$221 million in total prize money.

Featuring a comprehensive slate of tournaments in every major poker variation, the WSOP is poker’s longest running set of tournaments. The World Series of Poker culminates with the \$10,000 No-Limit Hold’em Championship, commonly referred to as the Main Event, this year to be contested July 8-22 at the Rio in Las Vegas and nationally on ESPN television.

The winner of each event gets a World Series of Poker gold bracelet – recognized globally as the game’s highest honor – and a cash prize based on the number of entrants and the amount of the event buy-in. The prize pool for the past ten WSOP’s (\$1.9 billion) is nearly quadruple the total prize pool of the first 37 years of the WSOP combined (\$530 million).

Buy-ins for the different events range from \$333 to \$111,111 depending on the event and, unlike other sporting events, anyone 21 years of age or older can enter, and anyone can win. Winning a WSOP tournament is a life-changing event, defining poker résumés and often creating instant millionaires out of those with a dream and the determination to outmaneuver and outlast the competition.

Caesars acquired the WSOP in 2004, and participation in the event has grown exponentially under its tenure.

The WSOP team has forged groundbreaking alliances in broadcasting, digital media, corporate sponsorship, social media applications and licensing while successfully extending the brand internationally, with the advent of the World Series of Poker Circuit Tour in 2005, WSOP Europe in 2007 and the WSOP International Circuit in 2014. ESPN is the exclusive U.S. telecast partner of the WSOP. WSOP programming airs in 84 countries on five continents and is available to 300 million households.

## **BRIEF HISTORY OF THE WORLD SERIES OF POKER**

Though the World Series of Poker made its official debut in 1970, the idea of the Horseshoe Casino's annual tournament was actually conceived more than two decades earlier.

In the summer of 1949, as the story goes, inveterate gambler Nicholas “Nick the Greek” Dandolos approached Benny Binion with an unusual request – to challenge the best in a high-stakes poker marathon. Binion agreed to set up a match between Dandolos and the legendary Johnny Moss, with the stipulation the game be viewed in public.

During the course of the marathon, which lasted five months with breaks only for sleep, the two men played every form of poker imaginable. Moss ultimately won “the biggest game in town” and an estimated \$2 million. When the Greek lost his last pot, he arose from his chair, bowed slightly, and uttered the now-famous words, “Mr. Moss, I have to let you go.” Dandolos then went upstairs to bed.

Though significant in its own way as a chapter in poker history, the five-month marathon took on added importance to Benny Binion. He noted that the public had gathered outside the casino each day to watch the game with the fervor of dedicated sports fans, and he was amazed at the attention the event had attracted. But it wasn't until 1970 that Binion decided to re-create this excitement and stage a battle of poker giants – dubbed the “World Series of Poker” – to determine who would be worthy of the title World Champion. Some of the best players in the country were assembled, and Johnny Moss came out on top. The decision was democratic in that the champion was decided by popular vote.

The following year, the winner was determined by a freeze-out competition, with players being systematically eliminated until one player had all the chips. Moss again became the World Champion. In 1972, when Thomas “Amarillo Slim” Preston won the title and went on the talk show circuit, the WSOP began to gain a wider following.

It was a year later that Binion participated in the Oral History Project at the University of Nevada-Reno and discussed the World Series of Poker (WSOP) with interviewer Mary Ellen Glass. “This poker game here gets us a lot of attention,” he told Glass. “We had seven players last year, and this year we had 13. I look to have better than 20 next year. It's even liable to get up to be 50, might get up to be more than that.” Binion then paused, and as if gazing into the future, prophesied, “It will eventually.”

In the early 1980s, with the introduction of preliminary satellite competitions with lower buy-ins, Binion's prophecy came to fruition and the popularity of the World Series of Poker soared. (A satellite is a tournament whose prize is an entry into another higher buy-in tournament).

But even Benny Binion, who passed away on Christmas Day of 1989, would have had difficulty foreseeing the enormous growth the annual tournament has experienced since.

In 1982, nine years after Mr. Binion participated in UNR's Oral History Project, the tournament drew a total of 1,253 entrants across all its events. Two decades later, there were 7,593 entries and 2016's WSOP attracted a record 107,833 entrants from an astonishing 107 different nations. The prize money has increased exponentially as well. In 1982, a total of \$2,607,700 was awarded, while in 2016 a staggering \$221,211,633 was won. Whereas only 12 events, mostly Texas Hold'em and Seven-Card Stud, were scheduled as recently as 1988, the 2017 series offers 74 competitions that feature a wide variety of games.

The WSOP is now a global phenomenon, with the WSOP Circuit, a WSOP International Circuit, WSOP Europe and WSOP Asia-Pacific all regular live events on the poker calendar. Plus, with a leading WSOP Social Game and real-money online poker in New Jersey and Nevada, the brand reaches every corner of the globe with digital or live iterations.

The legacy Benny Binion left the poker community ranks as the oldest, largest, most prestigious, and most media-hyped gaming competition in the world, and, no doubt, it holds the promise of an even brighter future. But equally important, the World Series of Poker has touched thousands of lives over the years, affording talented players the opportunity to follow their dreams, reach for the stars and perhaps one day achieve greatness in their chosen endeavor.

## THE WORLD SERIES OF POKER GOLD BRACELET: POKER'S ULTIMATE ACHIEVEMENT

*Prestige: respect or reputation derived from achievements, power, associations, etc.*

-- Oxford Dictionary

There's nothing quite like it -- anywhere.

Comparisons can be made to a championship title belt in boxing, or the green jacket in golf, or the gold medal in the Olympic Games. But nothing quite compares to the one-inch by eight-inch cylinder of dazzling gold that symbolizes poker's ultimate achievement.

Indeed, the *World Series of Poker Gold Bracelet* stands apart from all other amulets of excellence for what it represents -- not just for a few world-class sports stars fortunate enough to possess great athleticism as is the case with title belts and trophies -- but rather to millions of ordinary, everyday people from all walks of life, both male and female, from more than a hundred nations around the world. The Gold Bracelet is a prize that can feasibly be won and ultimately worn by *anyone* driven by a dream.

Although the Gold Bracelet is accessible to millions of would-be poker champions, this is not to say winning one is easy. To the contrary, the path to a bona fide WSOP title often begins in a basement, across a kitchen table, or inside a college dorm room. This is usually where poker players and the most outlandish of aspirations are born.

For a fortunate few, the seeds of those aspirations flower into a WSOP Gold Bracelet, the game's greatest honor.

The WSOP began in 1970, making it the oldest and most prestigious poker competition on the planet. The annual poker festival was initially held at Binion's Horseshoe in Downtown Las Vegas, which played host to the eclectic gathering of poker aficionados and gamblers during the first 35 years. During the tournament's earliest years, winners received a trophy or a silver plate, but those accolades didn't seem appropriate for poker's motley moors and prideful traditions. Winning a WSOP championship had to be celebrated with something flashier. The keepsake had to be an ostentatious expression of personal triumph that represented overcoming the odds and defeating the world's very best.

And so, the WSOP Gold Bracelet was born.

In 1976, WSOP founder and patriarch Benny Binion decided to award Gold Bracelets for the first time. It proved to be a brilliant move. After all, other than the prominent poker face, the most visible part of a player's body while sitting at the table and competing is *the hands*. Wrists with Gold Bracelets were winners. Wrists without were losers, or at least victory hadn't come yet. The Gold Bracelet was -- and very much remains -- not just a fashion statement, but poker's ultimate status symbol.

Since Binion's tasteful innovation 40 years ago, every official WSOP event is adorned with a Gold Bracelet at its apex. Every champion receives one, in addition to what often amounts to life-changing prize money. In keeping with WSOP tradition, all winners of events held before 1976 were retroactively noted as "Gold Bracelet Winners." The records and accomplishments are tabulated just as if they received an actual bracelet. (Several of the 1970-1976 winners later had special gold bracelets custom made in order to join the most chic club in poker).

The universal sentiment for the Gold Bracelet was perhaps best expressed by Hollywood actress Jennifer Tilly, who was once nominated for an Academy Award. Tilly won the 2005 Ladies WSOP Championship, and was presented with her own token of victory. Afterward, she said winning her WSOP Gold Bracelet was, "better than an Oscar."

The WSOP has grown nearly every year since its inception. Now, there are more tournament events than ever, necessitated as a response to the crush of people from all over the world who now descend upon Las Vegas in an annual pilgrimage.

In 2007, the WSOP expanded to Europe, awarding the first-ever bracelets outside of Las Vegas. WSOP Europe bracelets are recognized equally alongside bracelets awarded at the (Las Vegas) WSOP and are treated and tracked in the same manner.

To date, there have been 1,321 Gold Bracelets awarded in World Series of Poker history. This figure includes every official WSOP event played, including tournaments during the early years when there were no actual Gold Bracelets awarded. It also includes the Gold Bracelets awarded outside of the Las Vegas WSOP.

In 2017, a total of 86 WSOP Gold Bracelets will be at stake. One prize will be awarded to the 2016-17 season WSOP Global Casino Champion, the culmination of 22 series' throughout the United States, and a baker's-dozen internationally over 10 months and two calendar years. There will be 74 bestowed upon the individual winners of each of the distinct poker tournaments being held in Las Vegas in the summer and the last 11 of the year will be awarded at WSOP Europe in the fall in Rozvadov, Czech Republic.

The WSOP is owned by Caesars Interactive Entertainment, Inc. (CIE), which considers the event one of the company's most powerful and attractive assets. All those who operate the WSOP acknowledge a strong personal and corporate responsibility for protecting what for many poker players is a sacred institution. The WSOP considers the growth of the game to be the most significant factor in assessing the question about adding new events and Gold Bracelets.

Poker's popularity has exploded over the past decade, thanks in large part to the advent of the hole card camera and the Internet – two factors which have helped to revolutionize the game and educate a whole new generation of poker players around the globe, adding millions of new players to the game, and who will eventually become tomorrow's new stars. As such, the WSOP attempts to effectively balance the supply and demand by ensuring the average number of entrants per event continues to increase in order to introduce new bracelets. As an example, in 2016, WSOP events averaged 1,563 entrants. In 2002, the WSOP averaged 217 entrants per bracelet awarded.

In 1976 when Doyle Brunson won the first of his back-to-back WSOP Main Event WSOP titles (world championships), he bested a field of 22 to capture the crown. At the most recent WSOP, Qui Nguyen outlasted a field of 6,737 players.

The top WSOP Gold Bracelet winners of all-time are Phil Hellmuth (14 wins), and Doyle Brunson, Johnny Chan and Phil Ivey with 10 each. Three of these players are members of the Poker Hall of Fame and Ivey is first-time eligible this year.

In 1973 "Puggy" Pearson became the first WSOP player to win three Gold Bracelets at one WSOP. That incredible feat has only been equaled five times in the 47-year history of the event -- most recently by George Danzer in 2014. Ted Forrest, Phil Ivey, Phil Hellmuth and Jeffrey Lisandro are the other champions to have accomplished poker's greatest trifecta.

Just as the prestige of the WSOP has grown with bigger attendance numbers and more prize money, so too has the value of winning a WSOP Gold Bracelet. Initially, WSOP Gold Bracelets cost a few hundred dollars each. Now, they cost several thousand dollars. The WSOP Main Event Gold Bracelet, costs approximately \$500,000 – the most expensive trophy in sports!

With the passage of time and the inevitable variations of fashion and style, WSOP Gold Bracelet designs have grown increasing more elaborate over the years. Early bracelets were simple. During some years, WSOP Gold Bracelets were simply a heavy gold chain. Now, the bracelets include diamonds and other gemstones, along with 18 karat gold, white gold or yellow gold -- depending on the year and particular bracelet. [Jostens](#) is the official bracelet supplier of the WSOP.

Most players keep their WSOP Gold Bracelets. Others gift them to close family members, particularly those have been fortunate enough to win multiples. They are considered one-of-a-kind collectibles as they indelibly serve to signify a crowning achievement in the worldwide skill game known as poker.

There are exceptions to the notion that the Gold Bracelet is a priceless keepsake. The most famous example was Peter Eastgate's decision to sell his treasured memento, via a public auction. The 2008 WSOP Main Event Champion became the youngest winner in history with his victory at age 22. In 2010, Eastgate used the eBay online auction site and took bids for his bracelet with intent to donate the money to a charity (UNICEF). The winning bidder paid \$147,500 for Eastgate's one-of-a-kind trophy.

Actual bracelet or not, winning a WSOP title is forever regarded as a career accomplishment. Possessing the hardware is not required for immortality in poker's history books. A player goes from John Doe to "WSOP Gold Bracelet winner John Doe" the instant the final chip is stacked on poker's grandest stage. Status is measured by one thing -- the WSOP Gold Bracelet, which brings to mind a truism offered by professional poker player Phil Gordon when he professed, "In poker there are two categories of players: those with Gold Bracelets and those without."

One must not confuse the WSOP Gold Bracelet with imitators. Imitation is indeed the sincerest form of flattery, and some other poker tournaments have begun to award their own "bracelets" to winners. However, such efforts have failed to convince players or the public that they are indeed noteworthy. In short, nothing compares to a bona fide WSOP Gold Bracelet.

At least one comparison is true. Although the World Series of Poker is without equal, it is indeed every poker player's Super Bowl, Olympic Games, and World Cup, with each precious victory entwined in an inimitable emblem called the Gold Bracelet.

## NEW AND NOTEWORTHY FOR 2017

In addition to the new events, there are some additional changes in store for the 2017 WSOP. Here is a list of notable changes:

***ESPN Set Moves to Brasilia Ballroom:*** The WSOP television and live streaming set will be housed in the Brasilia Ballroom this year and feature a similar three-feature table set up with seating around a main stage. As such, Brasilia will now house the TV set and an additional 30 poker tables. This makes the Brasilia Ballroom the new final table and Day 3 restart location.

***Live Coverage of WSOP Main Event:*** With a new television agreement with Poker Central/ESPN comes significant expansion to Main Event coverage. Every playing day of this year's WSOP Main Event will be broadcast live on ESPN/ESPN2 with additional digital coverage outside the broadcast windows provided by PokerCentral. Additionally, the final table will not be paused until November. After a two-day hiatus, the final table will reconvene for a 3-day live finale on ESPN July 20, 21 and 22. With ESPN's new summer live commitment for Main Event, start times, dinner breaks, other breaks, etc., will be adjusted in order to fit scheduled television windows to ensure ESPN is showing live poker.

***Amazon Room the New Day One Locale:*** The Amazon Ballroom becomes the main tournament room for Day 1 play. With an expanded capacity of 180 poker tables, both the 10am/11am starting events and the 3pm events can fit together on most days, with the Amazon Room serving as the primary play area for bracelet events. Overflow for large-scale events remains in the Pavilion Ballroom in most instances.

***Kings Cash Game Lounge:*** The Pavilion Room will feature a "room within a room" for high stakes live action. While the Pavilion Room features up to 91 live game tables, 15 of those tables will be inside a specially-designed upscale lounge featuring the latest amenities and comforts which will play host to some of the largest cash-games of the summer. Our WSOP Europe host, King's Casino, has come aboard as a sponsor and to provide a glimpse of the Rozvadov high roller experience inside the Rio's biggest ballroom. King's Casino owner Leon Tsoukernik will be present for much of the summer to play and greet potential WSOP Europe participants.

***Player of the Year Presented by King's Casino:*** Kings Casino Rozvadov is the new sponsor, awarding the 2017 WSOP POY a seat into the 2018 WSOP Main Event. In addition, the player that has accumulated the most points in Las Vegas over the first 71 open events will receive a seat to the 2017 WSOP Europe Main Event at King's in Rozvadov. With WSOP Europe on the calendar in 2017, there are a total of 82 WSOP gold bracelets in play to contest for the WSOP POY crown in 2017, 71 open events in Las Vegas and 11 in the Czech Republic at WSOP Europe. The POY points will no longer use the GPI formula for calculations, but instead use a proprietary formula. The winner will be celebrated with their own banner as well.

## NEW AND NOTEWORTHY FOR 2017

***Pavilion Stage:*** The stage area in Pavilion Room will be set up with tables and chairs for participants to utilize to eat food and drink and get a respite from the poker tables.

***Poker Kitchen Becomes the “Grab ‘n’ Go” Poker Kitchenette:*** Food options in the Rio Convention Center have been recalibrated in 2017, with more food stations throughout the blueprint featuring strictly “Grab ‘n’ Go” options. As such, the Miranda Ballroom will still be the primary location for hot food, but no longer provide any seating/dining options. Seating options will be added in the hallways, with the main sit-down location the Pavilion Stage area. All-American Dave returns in 2017 and will offer his tableside or pick-up service. In addition, hot dog carts will also roam throughout the tournament rooms, to service players looking for a quick tableside bite.

***Clock Rule Change:*** Designed to increase the hands per hour, improve the experience for the great majority and prevent habitual stalling, the reasonable time to act has been redefined. Rather than implementing a firm “shot clock,” we have opted to encourage players and Tournament Directors to more actively monitor pace of play and have staff prompt a countdown when appropriate. Please review Rule#80 of the 2017 WSOP Tournament Rules to learn more.

***Live Streaming:*** Poker Central takes over as the WSOP’s officially live-streaming provider. For the planned live stream schedule, please visit [www.PokerCentral.com](http://www.PokerCentral.com)

***Live Reporting:*** PokerNews returns as the official live reporting provider for the 2017 WSOP, with both chip counts and hand updates for all 74 official WSOP gold bracelet events being published on [www.PokerNews.com](http://www.PokerNews.com) and WSOP.com this summer. Additionally, Poker News’ MyStack app, returns as the official player chip counting app. Players are encouraged to download the iOS or Android compatible app to enter their chip counts into events they are playing.

***Flip-Flopped Daily Deepstack:*** The 7pm No-Limit Hold’em Daily Deepstack this year will feature a \$365 buy-in and utilize an accelerated format, to align with the new \$365 Giant, an official gold bracelet event running each Friday night at 7pm during the summer. With this move, the \$135 No-Limit Hold’em Deepstack moves to the 9pm timeslot. These moves are expected to aid these events finishing at a more reasonable hour than previously.

***Charge It:*** For those utilizing the [online registration](#) system from Bravo Poker Live and then the FasTrac kiosks on-site at the Rio, credit card limits have been raised to \$10,000 per transaction. (Subject to your credit line, available funds, etc.). Note: Credit Cards will NOT be accepted at the WSOP cage.

***Total Rewards App:*** Caesars Entertainment is running a special promotion from June 1-30 for those that download the Caesars Total Rewards App. All new downloaders will be entered into a drawing to win a free \$10,000 WSOP Main Event seat.

ESPN’s coverage of the 2017 World Series of Poker, from the Rio All-Suite Hotel and Casino in Las Vegas is greatly expanded this year to include live, same-day coverage in July of the 48<sup>th</sup> running of the WSOP Main Event. The plan includes live coverage almost daily starting with Day 1A play.

ESPN WSOP Main Event coverage concludes with a three-day live final table format July 20-22, 2017 which will air live as play dictates duration.

**Norman Chad** and **Lon McEachern** call all the action. **Dan Ochs** and **Steve Flower** are the executives in charge of poker coverage on ESPN. **Jennifer Cingari** is ESPN’s media contact for WSOP. PokerCentral serves as the production company in charge. Visit [ESPN’s Poker Page](#) for the latest news, schedules and more.

## WSOP PLAYER OF THE YEAR PRESENTED BY KING'S CASINO ROZVADOV

**A seat to the 2018 WSOP Main Event and a seat to the 2017 WSOP Europe Main Event are up for grabs courtesy of King's Casino.**

The World Series of Poker instituted a Player of the Year system in 2004, after Caesars acquired the brand. The system awards points based on finish for all open bracelet events. Anyone who cashes in an open WSOP gold bracelet event is awarded points. The player with the most overall points is the winner of the WSOP Player of the Year.

The 2017 Player of the Year will be the person who accumulates the most points this year in open bracelet events contested in Las Vegas and Rozvadov for WSOP Europe. Ladies, Casino, Seniors, Super Seniors and Global Casino Championship do not count in Player of the Year standings.

The Player of the Year winner will get a buy-in to 2018 WSOP \$10,000 Main Event and a banner.

In addition, the player who accumulates the most points in the 2017 Las Vegas bracelet events will get a buy-in to WSOP Europe Main Event in 2017 at King's Casino in Rozvadov, Czech Republic.

## 2017 GLOBAL CASINO CHAMPIONSHIP

At the conclusion of the 13th season of the [World Series of Poker Circuit](#), the Global Casino Championship returns once again to Harrah's Cherokee Casino Resort in beautiful North Carolina near the Great Smoky Mountains. This is the third consecutive year Harrah's Cherokee will host the event.

The tournament is scheduled for August 8-10, 2017, and the final table will be filmed to broadcast at a later date. As the cameras roll, a minimum prize pool of \$1,000,000 and a WSOP gold bracelet will be up for grabs.

Once again, the Global Casino Championship represents both the culmination of the 2016/2017 Circuit year and the kickoff of the following season. The first Circuit stop of the 2017/2018 season will be held at Harrah's Cherokee from August 2 through August 16, and the Global Casino Championship will fall right in the middle. The full Circuit stop will host the standard 12 ring events, including a \$1,675 Main Event, as players can begin the qualification process for next season.

The Global Casino Championship is an exclusive, invitation-only tournament. There is a minimum prize pool of \$1,000,000, and a number of players receive free entries. For each Circuit stop this season, the Main Event winner and the Casino Champion each received a free seat. In addition, the top 50 point earners on the season earned a free seat. The list of qualifiers can be found on the [leaderboard](#).

Players who earn automatic entries will receive accommodations for three nights at Harrah's Cherokee (four for international qualifiers), plus an additional night if they make the final table. They'll also receive a \$500 travel stipend.

In addition to the automatic entries, a select group of players has the option to buy in for \$10,000 (rake free). The top 100 players on the 2016 WSOP [Player of the Year](#) leaderboard has the right to buy in, and any Circuit ring winner from this past season has the option as well.

## THE MARATHON - \$2,620 NO-LIMIT HOLD'EM (*NEW EVENT*)

Monday, June 12 at 11 a.m. - Event #23

**Starting Chips:** 26,200

**Level Length:** 100 minutes

**Late Registration:** Start of Day 2

**Re-Entry:** None

Ready, Set, Race to a Bracelet!

Based off its name, The Marathon will be a marathon of a poker tournament. The \$2,620 buy-in tournament will span over five days and feature extended levels. A standard WSOP bracelet event has 60-minute levels. This event will feature 100-minute levels.

This event will also give players more chips to play with than a standard WSOP bracelet event. Most bracelet events start players with 5x the buy-in in starting chips. This event will start players with 26,200 chips, which is 10x the buy-in.

This is the perfect event for players who prefer a slow structure and deep stacks. Since the tournament is slower than most, players are allowed to register all the way up until the start of Day 2. Day 2 is scheduled to begin Tuesday, June 13 at noon.

The first two days of the tournament are scheduled for six levels of play. Days 3 and 4 will play seven levels each and Day 5 will play down to a winner. The winner will earn a WSOP gold bracelet and earn the distinction of the World Series of Poker's first Marathon winner.

### Event #47

**Flight A - Saturday, June 24 at 10 a.m.**

**Flight B - Sunday, June 25 at 10 a.m.**

**Starting Chips:** 15,000

**Level Length:** 60 minutes

**Late Registration:** Start of Day 2

**Re-Entry:** None

The Monster Stack has been a staple on the World Series of Poker schedule since its introduction to the series in 2014. The tournament does not allow re-entry, but it has still drawn some of the largest fields in WSOP history. All three prior Monster Stack tournaments are in the top 10 of the largest WSOP tournaments of all-time.

The draw is that players start with twice as many chips as they would in a standard \$1,500 buy-in event. Players begin the Monster Stack with 15,000 tournament chips. The extra chips and the huge fields lead to four, long days of poker, but at the end one lucky player will walk away with a WSOP gold bracelet.

The first place payout has eclipsed the \$1 million mark in all three of the previous Monster Stack tournaments, including last year when the payouts extended to 15% of the field from 10%.

## \$50,000 POKER PLAYERS CHAMPIONSHIP

Sunday, July 2 at 3 p.m. - Event #62

**Starting Chips:** 250,000

**Level Length:** 100 minutes

**Late Registration:** Start of Day 2

**Re-Entry:** None

The \$50,000 Poker Players Championship requires participants this year to play a rotation of eight popular forms of poker – Limit Hold'em, Omaha Hi-Low 8 or Better, Razz, Seven Card Stud, Seven Card Stud Hi-Low 8 or Better, No-Limit Hold'em, Pot-Limit Omaha and 2-7 Triple Draw Lowball – to determine the game's greatest all-around player. The tournament is played 6-handed.

Poker greats consider the winner of the event the best all-around player because it demonstrates he or she can outplay the competition in a wide range of game variations with high stakes on the line.

The event debuted in 2006 and it was an instant highlight of the series. It is now a mainstay at the World Series of Poker. This year it begins on Sunday, July 2 at 3 p.m. and is Event #62 on the schedule.

A special commemorative Chip Reese Trophy is awarded to the winner. It is named in honor of the inaugural winner of this event, David "Chip" Reese, who passed away in late 2007. The iconic trophy was first added for the event's champion in 2008, with the winner keeping the top part of the trophy for the year, while his name is engraved on the bottom half, etched forever in history.

The \$50,000 buy-in fee is the second-most expensive of the 74 events at the 2017 World Series of Poker.

The tournament is scheduled as a 5-day event.

# LADIES EVENT - \$10,000/\$1,000 NO-LIMIT HOLD'EM CHAMPIONSHIP

Ladies Discount to \$1,000 Buy-In

Friday, July 7 at 11 a.m. - Event #70

**Starting Chips:** 5,000

**Level Length:** 60 minutes

**Late Registration:** 6 Levels

**Re-Entry:** None

The World Series of Poker first offered a women’s-only event in 1977. Every year since, the WSOP has been proud to offer an event for the ladies with a prestigious gold bracelet on the line.

At the 48<sup>th</sup> annual WSOP this year, the ladies-only event is slated for Friday, July 7 at 11 a.m. Since 2005, the event had been a \$1,000 buy-in No Limit Hold’em tournament.

In 2013, the buy-in was changed to \$10,000, marking the sixth different price change in this event’s history. Ladies this year will continue to receive a 90% discount and pay \$1,000 to enter this event.

This event originally started out as a Seven Card Stud tournament with a buy-in of \$100.

While the game of choice offered was Seven Card Stud from 1977 through 1999, the buy-in had only been at \$1,000 since 1992. From 1982 through 1991, the ladies event had a \$500 buy-in. From 1979-1981 it was \$400 and in 1978 the buy-in was \$200.

In 2000, the game variation changed for the first time in the event’s history, offering a ½ Limit Hold’em, ½ Seven Card Stud event. This event format continued through 2003.

In 2004, the Ladies Event was a Limit Hold’em tournament. In 2005, it switched to No Limit Hold’em, which has remained the same since.

## BRACELETS AWARDED BY YEAR

The WSOP takes the scarcity of the bracelet very seriously. Some numbers to help put things in perspective: In 2016 with 69 events at the WSOP, the average number of players per event was 1,562, the highest average ever. Thus, to win a WSOP gold bracelet, one would have to defeat on average, 1,561 players. Going back in time, you will see the average entrants per event were 210 for 36 events at the 2003 WSOP. In 1983, it was 89 entrants average for 17 events. The demand has never been greater, thus the supply increases to meet it. So, despite the number of bracelets up for grabs, the fact is, it has never been harder to win one.

## ALL-TIME LAREGEST WSOP FIELD SIZES

Unlike other sports, where spectators pay the entry fees and players don't, poker is quite the opposite. Players pay to enter (the buy-in), while spectators get free access to watch the action. The more players, the larger the prize pool.

In 2016, the WSOP hosted five of our top 25 tournaments of all-time, including our 2nd, 9th, 10th, 13th and 14th largest events ever. Eight of the top 10 largest WSOP tournaments of all-time have been in the past three years.

**MOST CASHES *WITHOUT* A BRACELET**

You can be a prolific player and still not achieve victory on poker's biggest stage. Ask Dan Marino or Charles Barkley. But in an individual game like poker, it's still everyone's goal to come out on top.

The top three remain the same as last year, however they are in a different order this year. Tony Cousineau still remains on the top of the list, but Roland Israelashvili passed Tom McCormick for the number two spot after Israelashvili cashed 13 times in 2016.

Here is the list of players with the most WSOP cashes in history – without winning a bracelet:

## AMATEURS WHO HAVE WON THE MAIN EVENT

The champion of the \$10,000 No-Limit Hold'em World Championship Main Event has now been won 16 times by an amateur (a poker player who, at the time of his or her win, had supported him-or-herself in a vocation other than poker).

Qui Nguyen, the 2016 champ, broke a string of seven consecutive years where a professional poker player came out on top.

In 47 years of Main Event champions, a professional has won 31 times, or 66% of the time.

He is central to all licensing agreements utilizing the WSOP brand.

Since joining Caesars, Stewart has shown the ability to land mainstream corporate partners traditionally elusive to the gaming industry. During his tenure, Stewart has secured promotion for the WSOP on products ranging from Beef Jerky to Beer Cans and Chocolate Bars. Frito Lay's iconic Ruffles brands executed a mass national promotion on more than 30 million bags of Potato Chips.

Stewart is perhaps best known at the WSOP for creating the modern concept for the Main Event Final Table, known to poker fans as the *November Nine*.

As Corporate Director, Integrated Marketing, Stewart was credited for growing league platforms like *NFL Opening Kickoff* and the *NFL Draft*. The 2016 WSOP will be Jack's 11th consecutive year to serve as Tournament Director for the most prestigious poker tournament series in the world, and his twelfth overall.

Effel's poker career began in 1997, and since that time, he has held just about every position in poker, including: dealer, supervisor, manager,

tournament director and director of poker operations.

Effel is responsible for staffing, rule enforcement, event structure development and payout percentages, plus overseeing all tournament operations. He is a full-time employee of the Rio, working on WSOP events year-round and overseeing the development and execution of international poker operations. He has created innovative solutions to manage tournaments in a manner that benefits both players and the host properties. From integrating sophisticated software to manage registration and payouts or crunching numbers to produce an algorithm resulting in balanced payouts, Effel is involved in all phases of poker, relying on a bevy of real life experiences to ensure the right measures are taken to keep the World Series of Poker in its industry-leading position.

In 2005, Effel joined the World Series of Poker staff as the assistant tournament director, just months after serving in the same capacity at several WSOP Circuit Events earlier that year. ## POKER HALL OF FAME

The Poker Hall of Fame, established in 1979, was acquired by Caesars Entertainment along with the World Series of Poker in 2004. Though the Hall of Fame is virtual in nature, its membership includes poker's most influential players and other important contributors to the game.

There are 27 living members, and the honor of Poker Hall-of-Famer has been bestowed upon 52 individuals.

The Poker Hall of Fame traditionally elects one or two members annually. The enshrinement ceremony is now held in concert with the final table of the Main Event of the WSOP, held each November in Las Vegas. The main criteria for the Poker Hall of Fame are as follows:

- A player must have played poker against acknowledged top competition
- Be a minimum of 40 years old at time of nomination
- Played for high stakes
- Played consistently well, gaining the respect of peers
- Stood the test of time

Or, for non-players, contributed to the overall growth and success of the game of poker, with indelible positive and lasting results.
